Kim's Kitten

Once upon a time there was a little girl named Kim. She had a black and white kitten named Midnight. One day a big dog came into the yard and scared Midnight. The kitten ran up a tree and went to the very top. When Kim called her back, she just stayed there. Kim knew that she should do something because it was very windy and Midnight could fall from the tree. Suddenly, she had an idea! She got a bowl of cat food and put it at the bottom of the tree. Midnight was very hungry. When she smelled the food, she came down to get it. Kim was happy to have her kitten back and they went inside together to get some treats.
